

RST-SANEXAS VasoHealth

- Increases Circulation
- Improves Heart Function
- Strengthens Immune System
- Fights Infectious Disease

- Increases Energy
- Supports Healthy Blood Pressure
- Increase Sexual Health
- Provides Antioxidant Support

Main ingredients include L-arginine, L-citrulline, Beetroot ,and Vitamin D. Our bodies convert L-arginine into nitric oxide.

Gives your body a natural boost of nitric oxide

SUGGESTED INTAKE

You may want to provide a small sample glass of VasoHealth for each of your patients prior to receiving their treatment. The benefits increase vasodilation by improving delivery of nutrients an oxygen to muscles thereby increasing energy and stamina. Provide your patients with VasoHealth Nitric Oxide BOOST as an after-care products.

DIRECTIONS

ADD 1 scoop to 8 oz of water 2x a day (morning and night).
